

Burlington County rolls out new Community Notification/R911 System-Code Red to replace Global Connect.

Global Connect, the provider of landline/cellular Community Notification/R911 to Burlington County and Moorestown has sold its Emergency Notification assets to Code Red. Residents who were signed up under Global Connect, that we have been utilizing to notify you of serious ongoing crime and weather incidents, have been merged into the new system. Code Red has additional features that you can take advantage of including text message and smart phone GPS access. Consider updating your information using the links below. Contact Lt. Lee Lieber if you have any questions.
