

IMPORTANT GENERAL ELECTION INFORMATION
Tuesday, November 3, 2020 from 6 a.m. until 8 p.m.

The November 3, 2020 **General Election will be held “primarily” by vote-by-mail.**

- Ballots will be mailed out the week of October 5, 2020.
- All registered voters will receive a ballot in the mail.
- Since all registered voters will receive a vote-by-mail ballot, sample ballots will not be mailed out.
- If a ballot is **postmarked** by November 3, 2020, it will be counted as long as it is received by the County no later than 8 p.m. on November 10, 2020 (via US post office).

Voting on Machines and Polling Places will be very limited.

Voting on Machines

- Only registered voters with a disability preventing them from voting on paper will be able to vote on a machine at their assigned polling location. This does not include all disabled voters – it is only for those that are unable to vote on paper. An ADA-accessible voting machine will be at each polling location.
- All other registered voters should vote by mail. If a (non-disabled) voter arrives at the polling location, they will be given a provisional ballot – they cannot vote on the machine.

Polling Locations

- Polling locations have been decreased by fifty percent; and, therefore, election districts have been consolidated. Please take note of your polling location for this election only.
- Your polling location will also be listed on your vote-by-mail ballot.
